Op-321 *X*

U.K. Agreement

1. Our agreement with the U.K. provides that we will use each other's information for military purposes only. I believe that we would be acting within the letter and the spirit of the agreement if we should furnish this information to the F.B.I., inasmuch as we share with the F.B.I. the responsibility for internal security.

2. I think the F.B.I. would be interested.

Very Respectfully,

Monroe B. Duffill
