Investigation Request Form NNI-152, dated
January 18, 1943.

1. Since the promulgation of Reference (a), which provided for the initiation of investigation requests by the use of a form designated as NNI-152, the Office of Naval Intelligence has been receiving numerous requests from the districts which were apparently forwarded for information only, since no investigative leads for the Office of Naval Intelligence were specified thereon.

2. Except in unusual cases where the district believes that the Office of Naval Intelligence would be interested in the information prior to receipt of the investigation report, it is not desired that copies of the request forms be forwarded unless affirmative investigative action is desired.

Rhea Whitley,
By direction.
