SUBJ: 55TH NCIS ANNIVERSARY

1. Today, we celebrate the 55th anniversary of the agency's establishment. For over five decades, NCIS has evolved to meet unique mission demands and requirements. Despite difficult challenges, we have worked together as a team and work family to advance the NCIS mission, benefit the Department of the Navy, and protect Navy and Marine Corps warfighters.

2. Thank you for your efforts and dedication. I remain impressed with our team's professionalism and the outstanding work performed regularly on behalf of our country's Sailors and Marines, their families, and DON civilians. With our continued commitment and adoption of more agile, integrated, and high impact (AI2) approaches, I am confident NCIS will remain critical to our country's Naval warfighting strategy. Cheers to our agency's future and another successful 55 years. Lopez sends.
